SECURA AZURE CONTROL

AZURE DESIGN, SECURITY AND MANAGEMENT

Expert advice, setup and management

Secura's expert and certified team can help you maximise the benefits of Microsoft's Azure cloud services, building and managing secure infrastructure that delivers your hosting objectives and realises a strong return on your investment.

Simple, straightforward Azure

Getting started with Azure or effectively managing your existing environment can be a complex and confusing task.

Azure Control makes things as simple and straightforward as possible, with expert guidance and assistance end-to-end, from design and deployment to on-going management, support and billing.

DESIGN & DEPLOY

SECURE & PROTECT

MANAGE & MONITOR

FEATURES & **BENEFITS**

Infrastructure Design and Deployment

Secura's Azure certified team can design and deploy effective, efficient right-fit infrastructure for your business on the Azure platform.

KEY FEATURES:

- > Expert Azure infrastructure design
- > Setup and deployment within Azure architecture

Advanced Cloud Security

Protect your Azure infrastructure and data from sophisticated online threats with comprehensive protection against exploits, malware and viruses, advanced network intrusion detection and monitoring, industry-leading DDoS mitigation and robust data encryption.

KEY FEATURES:

- > Expert setup, testing and management of security by Secura
- > Realtime malware, virus and rootkit scanning, web application firewall, protection from zero-day vulnerabilities
- > DDoS mitigation blocks new and evolving threats with protection against DNS infrastructure attacks
- > Robust data encryption with granular, virtual machine deployment
- > Intrusion Detection System (IDS) with weekly vulnerability scans and quarterly port scans

FEATURES & **BENEFITS**

Comprehensive Management and Support

Full management and support of your new or existing Azure environment by our fully accredited, UK-based service desk team.

Access friendly, responsive and knowledgeable support by telephone, email and via our support portal 24/7, 365 days per year.

REGION MANAGEMENT

Secura will manage your Azure infrastructure across multiple regions and provide any services required, specific to that region.

Secura will perform a monthly review of the Azure account for each region and make recommendations as appropriate, helping you keep costs under control and maintain a secure cloud infrastructure.

VIRTUAL MACHINE MANAGEMENT

Secura will manage virtual machine Operating Systems and will monitor them for availability and performance.

- > CPU, Network, Memory and Storage performance and availability monitoring
- > Critical Process Availability (if applicable)
- > Monitoring, response and resolution of Operating System incidents
- > For Windows OS and supported Linux variants, the monthly security updates
- > Support 24 hours a day, 365 days a year

FEATURES & BENEFITS

DATA BACKUP & DISASTER RECOVERY (DR) MANAGEMENT

Ensuring that your Azure environment is configured to give your business the appropriate data protection and infrastructure resilience is critical to any cloud migration.

Secura will help you design, configure, manage and test your backup and disaster recovery services, protecting business and customer data against loss and recover it quickly in the event of an incident.

- > Regular review of data protection strategy
- > Regular review of Disaster Recovery strategy
- > Periodic Disaster Recovery tests

SIMPLE PRICING AND BILLING

Azure Control customers benefit from a simplified and streamlined billing, with clear, easy to understand cost breakdowns.

Your Monthly Azure Spend	Management Charge	Minimum Management Charge	Management Charge	Minimum Management Charge
	Percentage of Monthly Azure Spend		Percentage of Monthly Azure Spend	
	12 Month Contract		24 Month Contract	
£0 - £5,000	50%	£1,000	45%	£1,000
£5,000 - £10,000	45%	£2,250	40%	£2,000
£10,000 - £20,000	40%	£4,000	35%	£3,500
£20,000 - £30,000	35%	£7,000	30%	£6,000
£30,000+	30%	£9,000	POA	POA

PRICING EXAMPLES

Azure Control pricing is based on a percentage of your monthly Azure spend (or a minimum management charge, whichever is higher) and your contract length.

Example 1.

You spend £750 per month on Azure.

You have a 24 month contract with Secura.

Your management charge = £1,000 (minimum management charge).

Your monthly Azure Control spend = £1,750

Example 2.

You spend £8,000 per month on Azure.

You have a 12 month contract with Secura.

Your management charge = £3,600 (45% of Azure spend).

Your monthly Azure Control spend = £11,600

Example 3.

You spend £25,000 per month on Azure.

You have a 24 month contract with Secura.

Your management charge = £7,500 (30% of Azure spend).

Your monthly Azure Control spend = £32,500
